Did the Army Football Team Kneel in Protest During the National Anthem?. Social Security cost of living allowances are established by formula and don't require Congressional approval. All smoke and mirrors. If I sound bitter. ...I am. I'm a Vet and have worked in the healthcare field all of my adult life, but yet– it doesn't appear that I'm qualified for anything from their viewpoint. I have applied for many, many positions and I changed my CV several times to make it more appealing. I use the "code" words and have NEVER been referred to a hiring authority. I personally know people working for the government and they do have great jobs. Interestingly enough. .they're not college educated, but somehow they slipped through. I'm not bothered by it, but I'm curious why there's a double standard. A December 2018 incident was not the first time Russian Tu-160s had been spotted in Venezuela. The most common way to get a sweet-ass government job, is simply to have the right set of skills that the particular position requires. Most people just go on the internet and look at the jobs available and apply for those. Most people don't get jobs. At the very least you need to write a new resume for each position applied for, specifically targeted to both the position and government. Go through each listed requirement and make sure that it is address in your resume or cover letter, either by valuable experience in your past or minimizing your lack of that requirement by a similar skill or experience. When you're writing your resume and cover letter, make sure that you're writing in a way that makes the hiring manager comfortable. This means using the word familiar to government employees. Knowing how governments are funded. If you use the same lingo as government employees, they'll know that you don't need to be entirely re-trained from your private sector past. "Trump is a chump!" protesters shouted during a recent demonstration, accusing Mr. Trump of, at least, further inflaming passions and perhaps

This refers to the infamous John Wilkes Booth. Booth was a fairly successful actor, who was also very pro-slavery

and anti-Lincoln. A couple different sources, here and here, give accounts of his life and motivations. While Booth became active in politics, his only known association with a political party was in the 1850s with the American Party, aka the Know-Nothing Party. This party was known primarily as an anti-immigrant and anti-Catholic party, but ironically didn't take a stand on slavery. The party disbanded in 1860. During the Civil War, Booth was a spy for the Confederacy, as his job as an actor let him smuggle goods throughout the country.
